INDEPENDENT AUDITORS' REPORT

This section includes the opinion of the Library's independent auditing firm.

INDEPENDENT AUDITOR'S REPORT

November 2, 2022

Members of the Board of Trustees Lake Villa Public Library District Lindenhurst, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Lake Villa Public Library District, Illinois as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Library's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Lake Villa Public Library District, Illinois as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Library, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Library's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Lake Villa Public Library District, Illinois November 2, 2022 Page 2

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Library's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Library's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison schedules, and GASB-required, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Lake Villa Public Library District, Illinois November 2, 2022 Page 3

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Lake Villa Public Library District, Illinois's basic financial statements. The other supplementary information and supplemental schedule is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, other supplementary information and supplemental schedule is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis June 30, 2022

Our discussion and analysis of the Lake Villa Public Library District's financial performance provides an overview of the Library's financial activities for the fiscal year ended June 30, 2022. Please read it in conjunction with the Library's financial statements.

FINANCIAL HIGHLIGHTS

- The Library's net position decreased from a balance of \$31,362,966 to \$29,601,905, a decrease of \$1,761,061 or 5.6 percent.
- During the year, government-wide revenues totaled \$4,546,234, while government-wide expenses totaled \$6,307,295, resulting in a decrease to net position of \$1,761,061.
- Total fund balances for the governmental funds were \$11,971,316 at June 30, 2022 compared to a balance of \$10,730,986 in the prior year, an increase of \$1,240,330 or 11.6 percent.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the Library as a whole and present a longer-term view of the Library's finances.

For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Library's operation in more detail than the government-wide statements by providing information about the Library's most significant funds.

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the Library's finances, in a manner similar to a private-sector business.

The Statement of Net Position reports information on all of the Library's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Library is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the Library's property tax base, is needed to assess the overall health of the Library.

Management's Discussion and Analysis June 30, 2022

USING THIS ANNUAL REPORT - Continued

Government-Wide Financial Statements – Continued

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

Both of the government-wide financial statements report functions of the Library that are principally supported by taxes and charges for services revenues (governmental activities). The governmental activities of the Library include the cultural function.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Library, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Library only maintains governmental and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Library's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The Library maintains seven individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Bond and Interest Fund, and Special Reserve Fund, all of which are considered major funds. Data from the other four governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

Management's Discussion and Analysis June 30, 2022

USING THIS ANNUAL REPORT – Continued

Fund Financial Statements - Continued

Governmental Funds – Continued

The Library adopts an annual appropriated budget for all of the governmental funds. A budgetary comparison schedule for these funds has been provided to demonstrate compliance with this budget.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the Library, assets/deferred outflows exceeded liabilities/deferred inflows by \$29,601,905.

	Net Position		
	2022	2021	
Current and Other Assets	\$ 18,350,542	16,451,909	
Capital Assets	23,137,982	26,669,422	
Total Assets	41,488,524	43,121,331	
Deferred Outflows	369,571	350,142	
Total Assets/Deferred Outflows	41,858,095	43,471,473	
Long-Term Debt Outstanding	5,528,190	5,670,507	
Other Liabilities	320,173	449,893	
Total Liabilities	5,848,363	6,120,400	
Deferred Inflows	6,407,827	5,988,107

Net Position			
Investment in Capital Assets	17,562,982	20,959,422	
Restricted	360,767	304,068	
Unrestricted	11,678,156	10,099,476	
Total Net Position	29,601,905	31,362,966	

Management's Discussion and Analysis June 30, 2022

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

A large portion of the Library's net position, \$17,562,982, or 59.3 percent, reflects its investment in capital assets (for example, land, buildings, equipment and furniture), less any related debt used to acquire those assets that is still outstanding. The Library uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

An additional portion, \$360,767, or 1.2 percent, of the Library's net position represents resources that are subject to external restrictions on how they may be used, including \$219,139 for working cash, \$62,616 restricted for IMRF, \$39,858 restricted for social security, \$926 restricted for audit, and \$38,228 restricted for site and building. The remaining \$11,678,156 represents unrestricted net position and may be used to meet the government's ongoing obligations to citizens and creditors.

Change in Not Desition

Change in Net Position		
2022	2021	
\$ 3,096	3,761	
59,407	50,345	
5,132,072	5,330,176	
(699,341)	(10,391)	
51,000	75,122	
4,546,234	5,449,013	
6,108,533	4,338,840	
198,762	204,080	
6,307,295	4,542,920	
(1,761,061)	906,093	
31,362,966	30,456,873	
29,601,905	31,362,966	
	\$ 3,096 59,407 5,132,072 (699,341) 51,000 4,546,234 6,108,533 198,762 6,307,295 (1,761,061) 31,362,966	

Net position of the Library's governmental activities decreased from a balance of \$31,362,966 to \$29,601,905.

Expenses of \$6,307,295 exceeded revenues of \$4,546,234, resulting in the decrease to net position in the current year of \$1,761,061.

Governmental Activities

In the current year, governmental net position decreased \$1,761,061, a decrease of 5.6 percent. Property and Replacement taxes decreased \$198,104 over the prior year (\$5,330,176 in 2021)

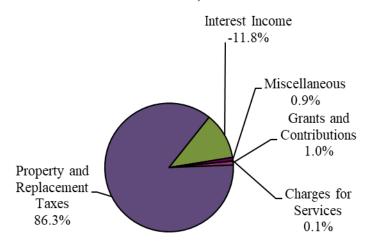

Management's Discussion and Analysis June 30, 2022

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

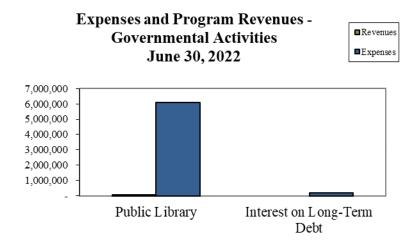

Governmental Activities - Continued

The following table graphically depicts the major revenue sources of the Library. It depicts very clearly the reliance of property taxes to fund governmental activities.

Revenues by Source - Governmental Activities June 30, 2022

The 'Expenses and Program Revenues' Table identifies those governmental functions where program expenses greatly exceed revenues. The public library functions charge user fees for services provided. The user fees charged do not cover the expenses, which furthermore signifies the Library's reliance on general revenues such as property taxes and personal property replacement taxes to fund operations.

Management's Discussion and Analysis June 30, 2022

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Library uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the Library's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the governmental funds reported combined ending fund balances of \$11,971,316 which is 11.6 percent more than last year's ending fund balance of \$10,730,986.

In the current year, governmental fund balances increased by \$1,240,330. The General Fund reported an increase of \$357,412, due primarily to intergovernmental increasing \$31,786 compared to prior year. The Bond and Interest Fund had a decrease of \$212, due primarily to no taxes or interest revenue received in the current fiscal year. The Special Reserve Fund reported an increase of \$825,049, due primarily to \$572,000 transfer in from the General Fund for ongoing planned capital spending on the construction of the new library.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the year, no supplemental amendments were made to the budget for the General Fund.

The General Fund actual revenues were lower than budgeted revenues. Actual revenues for the current year were \$5,075,911, compared to budgeted revenues of \$5,082,136. This resulted primarily from taxes and interest income being \$17,68 and \$59,664, respectively, less than expected.

The General Fund actual expenditures were lower than budgeted expenditures. Actual expenditures totaled \$3,373,649, while budgeted expenditures totaled \$3,761,850. This was due primarily to substantial savings realized versus the budgeted expenditures in all culture and recreation areas.

Management's Discussion and Analysis June 30, 2022

CAPITAL ASSETS

The Library's investment in capital assets for its governmental activities as of June 30, 2022 was \$23,137,982 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, land improvements, buildings, computers, furniture and equipment, and books and materials.

	Capital Assets - Net of Depreciation			
	2022	2021		
Land	\$ 2,490,608	3,232,884		
Land Improvements	-	34,997		
Buildings	18,540,537	21,125,729		
Computers, Furniture and Equipment	1,694,268	1,871,086		
Books and Material	412,569	404,726		
Total	23,137,982	26,669,422		

This year's additions to capital assets included:

Computers, Furniture and Equipment	\$ 49,094
Library Material	 210,649
	 259,743

Additional information on the Library's capital assets can be found in Note 3 of this report.

LONG-TERM DEBT

At year-end, the Library had total outstanding general obligation bonds of \$5,575,000. The Library issued this debt to fund the shortfall in the Special Reserve – Capital Projects Fund and to pay for the building of the new facility. Additional information on the Library's long-term debt can be found in Note 3 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

On October 15, 2021, the Library sold the former building at 1001 E. Grand Avenue, Lake Villa, Illinois 60046 for the sum of \$1,250.000. These funds were added to the Capital Reserve Fund to pay for site improvements in the future. For Fiscal Year 2022/2023 the Library Board reduced the Property Tax Levy by 3.92% for a total of \$4,907,005. For Fiscal Year 2023/2024 the Library Board recently voted to have a flat Property Tax Levy of \$4,907,005.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Library's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to the Library Director, Lake Villa Public Library District, 140 North Munn Road, Lindenhurst, Illinois 60046.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements

Governmental Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities - Governmental Activities

For the Fiscal Year Ended June 30, 2022

Net Change in Fund Balances	\$ 1,240,330
Amounts reported in the Statement of Activities	
are different because:	
Governmental funds report capital outlays as expenditures. However, in the	
Statement of Activities the cost of those assets is allocated over their estimated	
useful lives and reported as depreciation expense.	
Capital Outlays	259,743
Depreciation Expense	(1,030,772)
Disposal - Cost	(8,657,990)
Disposal - Accumulated Depreciation	5,897,579
The net effect of deferred outflows (inflows) of resources related to the pensions	
not reported in the funds.	
Change in Deferred Items - IMRF	(580,770)
The issuance of long-term debt provides current financial resources to	
governmental funds, while the repayment of the principal on long-term	
debt consumes the current financial resources of the governmental funds.	
Change in Compensated Absences Payable	2,897
Change in Net Pension Asset - IMRF	972,472
Retirement of Debt	135,000
Change in Accrued Interest Payable	 450
Changes in Net Position	 (1,761,061)

Notes to the Financial Statements June 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Lake Villa Public Library District (Library) of Illinois is located in Lake Villa, Illinois. The purpose of the Library is to provide and ensure access to materials and services to meet the lifelong learning needs of residents and organizations, as well as to create a welcoming place to gather, exchange ideas and participate in cultural events.

REPORTING ENTITY

In determining the financial reporting entity, the Library complies with the provisions of GASB Statement No. 61, "The Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the Library. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

BASIS OF PRESENTATION

Government-Wide Statements

The Library's basic financial statements include both government-wide (reporting the Library as a whole) and fund financial statements (reporting the Library's major funds). The Library only reports governmental activities.

In the government-wide Statement of Net Position, the governmental activities is (a) presented on a consolidated basis, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The Library's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The Library first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Library's functions. The functions are supported by general government revenues (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function) are normally covered by general revenue (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.).

This government-wide focus is more on the sustainability of the Library as an entity and the change in the Library's net position resulting from the current year's activities.

Notes to the Financial Statements June 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements

The financial transactions of the Library are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets/deferred outflows, liabilities/deferred inflows, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The Library electively added funds, as major funds, which either had debt outstanding or specific community focus. The nonmajor funds are combined in a single column in the fund financial statements. A fund is considered major if it is the primary operating fund of the Library or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the Library:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Library:

General fund is the general operating fund of the Library. It accounts for all revenues and expenditures of the Library which are not accounted for in other funds. The General Fund is a major fund and includes the Library Account, the Working Cash Account and the Public Library Insurance Account.

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Library maintains three nonmajor special revenue funds, which include the Illinois Municipal Retirement Fund, the Social Security Fund, and the Audit Fund.

Notes to the Financial Statements June 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements - Continued

Governmental Funds - Continued

Debt service funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Bond and Interest Fund is treated as a major fund and is used to account for the proceeds of tax revenues to retire general obligation debt and make the required payments therefrom.

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The Library maintains one major capital projects fund, the Special Reserve Fund, which is used to account for capital improvements at the Library. The Library also maintains one nonmajor capital projects fund, the Site and Building Fund.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, governmental funds are presented using the economic resources measurement focus as defined below. In the fund financial statements, the "current financial resources" measurement focus is utilized.

The accounting objectives of the "economic resources" measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows, liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

Notes to the Financial Statements June 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The Library recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

For the purpose of the Statement of Net Position, cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the Library categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Notes to the Financial Statements June 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

Capital Assets

Capital assets purchased or acquired with an original cost of more than \$5,000 are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Library as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Land Improvements

Buildings

Computers, Furniture and Equipment

Library Materials

25 Years

10 - 45 Years

10 - 20 Years

10 Years

Compensated Absences

The Library accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as "terminal leave" prior to retirement. All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Notes to the Financial Statements June 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents a consumption/acquisition of net assets that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted – All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

Notes to the Financial Statements June 30, 2022

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

The Library establishes the budgetary data reflected in the financial statements by the passage of a combined budget and appropriation and levy ordinance prior to the statutory deadline. The amounts presented in the statements reflect the budgeted amounts. Expenditures for any fund should not exceed the amount appropriated for the fund.

EXCESS OF ACTUAL EXPENDITURES OVER BUDGET IN INDIVIDUAL FUNDS

The following funds had an excess of actual expenditures over budget as of the date of this report:

Fund	E	xcess
Bond and Interest	\$	449

NOTE 3 – DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The Library maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the Library's funds.

Permitted Deposits and Investments – Statutes authorize the Library to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services.

Interest Rate Risk, Credit Risk, Concentration Risk, and Custodial Credit Risk

Deposits. At year-end, the carrying amount of the Library's deposits totaled \$4,162,844 and the bank balances totaled \$4,177,075.

Investments. The Library has the following investment fair values and maturities:

			Investment Matur	rities (in Years)
	Fair	Less Than			More Than
Investment Type	Value	1	1 to 5	6 to 10	10
U.S. Treasury Securities	\$ 3,426,307	599,300	2,650,132	176,875	-
U.S. Agency Securities	6,712,350	-	5,634,288	224,906	853,156
	10,138,657	599,300	8,284,420	401,781	853,156

Notes to the Financial Statements June 30, 2022

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Interest Rate Risk, Credit Risk, Concentration Risk, and Custodial Credit Risk - Continued

The Library has the following recurring fair value measurements as of June 30, 2022:

- U.S. Treasury Securities of \$3,426,307 are valued using quoted market prices (Level 1 inputs)
- U.S. Agency Securities of \$6,712,350 are valued using a matric pricing model (Level 2 inputs)

Debt Securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Library's investment policy does not specifically limit the maximum maturity length of investments.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Besides investing in securities authorized by State statute, the Library's investment policy does not further mitigate credit risk. At year-end, the Library's investments in the U.S. Agency securities were rated AA to Aa by Moody's.

Concentration Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the Library's investment in a single issuer. The Library's investment policy does not mitigate concentration risk. At year-end, the Library does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Library's deposits may not be returned to it. The Library's investment policy requires that deposit with financial institutions in excess of FDIC be collateralized with collateral held by an independent third party in the name of the Library. At year-end, the entire amount of the bank balance of the deposits was covered by federal depository or equivalent insurance.

For an investment, this is the risk that in the event of the failure of the counterparty, the Library will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party.

PROPERTY TAXES

Property taxes for the 2021 levy attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are collected in two installments in June and September. The County collects such taxes and remits them periodically.

CAPITAL ASSETS

Governmental Activities

Governmental capital asset activity for the year was as follows:

	Beginning			Ending
	Balances	Increases	Decreases	Balances
Nondepreciable Capital Assets				
Land	\$ 3,232,884	-	742,276	2,490,608
Depreciable Capital Assets				
Land Improvements	303,872	-	303,872	_
Buildings	25,942,637	-	6,539,749	19,402,888
Computers, Furniture and Equipment	2,962,873	49,094	902,123	2,109,844
Library Materials	973,351	210,649	169,970	1,014,030
	30,182,733	259,743	7,915,714	22,526,762
Less Accumulated Depreciation				
Land Improvements	268,875	5,506	274,381	_
Buildings	4,816,908	601,157	4,555,714	862,351
Computers, Furniture and Equipment	1,091,787	221,303	897,514	415,576
Library Materials	568,625	202,806	169,970	601,461
	6,746,195	1,030,772	5,897,579	1,879,388
Total Depreciable Capital Assets	23,436,538	(771,029)	2,018,135	20,647,374
Total Capital Assets	26,669,422	(771,029)	2,760,411	23,137,982

Depreciation expense of \$1,030,772 was charged to the culture and recreation function.

INTERFUND TRANSFERS

Interfund transfers for the year consisted of the following:

Transfer In	Transfer Out	Amount		
Special Reserve	General	\$ 572,000		
Bond and Interest	General	334,000		
Nonmajor Governmental	General	 438,850		
		 1,344,850		

Notes to the Financial Statements June 30, 2022

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

INTERFUND TRANSFERS – Continued

Transfers are used to move unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

LONG-TERM DEBT

General Obligation Bonds

The Library issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for governmental activities. General obligation bonds are direct obligations and pledge the full faith and credit of the Library. General obligation bonds currently outstanding are as follows:

	Fund Debt	Beginning	T	D. C.	Ending
lssue	Retired By	 Balances	Issuances	Retirements	Balances
General Obligation Bonds of 2017, due in annual installments of \$120,000 to \$330,000 plus interest at 3.00% to 4.00% through June 1, 2047.	Bond and Interest	\$ 5,710,000	<u>-</u>	135,000	5,575,000

LONG-TERM LIABILITY ACTIVITY

Changes in long-term liabilities during the fiscal year were as follows:

				Amounts
Beginning			Ending	Due within
Balances	Additions	Deductions	Balances	One Year
\$ 119,384	2,897	5,794	116,487	23,297
5,710,000	-	135,000	5,575,000	140,000
5,829,384	2,897	140,794	5,691,487	163,297
	Balances \$ 119,384 5,710,000	Balances Additions \$ 119,384 2,897 5,710,000 -	Balances Additions Deductions \$ 119,384 2,897 5,794 5,710,000 - 135,000	Balances Additions Deductions Balances \$ 119,384 2,897 5,794 116,487 5,710,000 - 135,000 5,575,000

Payments on the compensated absences are generally made by the General Fund. Payments on the general obligation bonds are made by the Bond and Interest Fund.

Notes to the Financial Statements June 30, 2022

LONG-TERM DEBT – Continued

Legal Debt Margin

Chapter 65, Section 5/8-5-1 of the Illinois Compiled Statutes provides, "...no municipality having a population of less than 500,000 shall become indebted in any manner or for any purpose, to an amount, including existing indebtedness in the aggregate exceeding 2.875% on the value of the taxable property therein, to be ascertained by the last assessment for state and county purposes, previous to the incurring of the indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the municipality's 1978 equalized assessed valuation by the debt limitation percentage in effect on January1, 1979."

Assessed Valuation - 2021	\$ 970,936,184
Legal Debt Limit - 2.875% of Assessed Value	27,914,415
Amount of Debt Applicable to Limit General Obligation Bonds	5,575,000
Legal Debt Margin	22,339,415

NET POSITION CLASSIFICATION

Net investment in capital assets was comprised of the following as of the year end:

Governmental Activities	
Capital Assets - Net of Accumulated Depreciation	\$ 23,137,982
Less Capital Related Debt:	
General Obligation Bonds	(5,575,000)
Net Investment in Capital Assets	 17,562,982

Notes to the Financial Statements June 30, 2022

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

FUND BALANCES CLASSIFICATIONS

In the governmental funds financial statements, the Library considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The Library first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Trustees; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Trustees' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Trustees itself or b) a body or official to which the Board of Trustees has delegated the authority to assign amounts to be used for specific purposes. The Library's highest level of decision-making authority is the Board of Trustees, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The Library's policy states that the General Fund should represent a minimum fund balance of no less than three months and no more than six months of operating expenditures, excluding transfers and capital expenditures. Fund balances in excess of said levels may be transferred to other funds at the discretion of the Board.

The following is a schedule of fund balance classifications for the governmental funds as of the date of this report:

Notes to the Financial Statements June 30, 2022

NOTE 4 – OTHER INFORMATION

RISK MANAGEMENT

The Library is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the Library's employees. These risks are provided for through insurance from private insurance companies. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

Notes to the Financial Statements June 30, 2022

NOTE 4 - OTHER INFORMATION - Continued

CONTINGENT LIABILITIES

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Library expects such amounts, if any, to be immaterial.

Litigation

The Library is currently not involved in any litigation.

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN

The Library contributes to one defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF). IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

Illinois Municipal Retirement System

Plan Description

Plan Administration. All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Notes to the Financial Statements June 30, 2022

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN – Continued

Illinois Municipal Retirement System – Continued

Plan Description – Continued

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date). All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Plan Membership. As of December 31, 2021, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	39
Inactive Plan Members Entitled to but not yet Receiving Benefits	18
Active Plan Members	38
Total	95

Notes to the Financial Statements June 30, 2022

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement System – Continued

Plan Description – Continued

Contributions. As set by statute, the Library's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended June 30, 2022, the District's contribution was 10.78% of covered payroll.

Net Pension (Asset). The Library's net pension (asset) was measured as of December 31, 2021. The total pension liability used to calculate the net pension (asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2021, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age		
	Normal		
Asset Valuation Method	Market		
Actuarial Assumptions			
Interest Rate	7.25%		
Salary Increases	2.85% to 13.75%		
Cost of Living Adjustments	2.25%		
Inflation	2.25%		

For nondisabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

Notes to the Financial Statements June 30, 2022

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement System – Continued

Plan Description – Continued

Actuarial Assumptions – Continued. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

		Long-Term
		Expected Real
Asset Class	Target	Rate of Return
Fixed Income	25.00%	(0.60%)
Domestic Equities	39.00%	1.90%
International Equities	15.00%	3.15%
Real Estate	10.00%	3.30%
Blended	10.00%	1.70% - 5.50%
Cash and Cash Equivalents	1.00%	(0.90%)

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Library contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2022, the Library recognized pension revenue of \$213,357. At June 30, 2022, the Library reported deferred outflows or resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of		Deferred Inflows of	
		Resources	Resources Resources	
Differences Between Expected and Actual Experience	\$	286,330	-	286,330
Changes of Assumptions		-	(26,822)	(26,822)
Net difference Between Projected and Actual				
Earnings on Pension Plan Investments		-	(1,454,232)	(1,454,232)
Total Pension Expense				
to be Recognized in Future Periods		286,330	(1,481,054)	(1,194,724)
Pension Contributions Made Subsequent to the Measurement Date		83,241	-	83,241
Total Deferred Amounts Related to Pensions		369,571	(1,481,054)	(1,111,483)
				·

\$83,241 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2023. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

	Net Deferred
Fiscal	(Inflows)
Year	of Resources

Notes to the Financial Statements June 30, 2022

NOTE 4 - OTHER INFORMATION - Continued

POST-EMPLOYMENT BENEFITS

The Library has evaluated its potential other post-employment benefits liability. Former employees who choose to retain their rights to health insurance through the Library are required to pay 100% of the current premium. Based upon a review of census data and plan provisions, as well as minimal utilization rates, it has been determined that any liability is immaterial to the financial statements in accordance with GASB Statement No. 75, *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions*. Additionally, the Library provides no explicit benefit. Therefore, the Library has not recorded a liability as of June 30, 2022.

REQUIRED SUPPLEMENTARY INFORMATION

Required supplementary information includes financial information and disclosures that are required by the GASB but are not considered a part of the basic financial statements. Such information includes:

- Schedule of Employer Contributions Illinois Municipal Retirement Fund
- Schedule of Changes in the Employer's Net Pension Liability/(Asset) Illinois Municipal Retirement Fund
- Budgetary Comparison Schedule General Fund

Notes to the Required Supplementary Information

Budgetary Information – Budgets are adopted on a basis consistent with generally accepted accounting principles.

INDIVIDUAL FUND DESCRIPTIONS

GENERAL FUND

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital project funds) that are legally restricted to expenditure for specified purposes.

Illinois Municipal Retirement Fund

The Illinois Municipal Retirement Fund is used to account for the Library's participation in the Illinois Municipal Retirement Fund. Financing is provided by a specific annual property tax levy which produces a sufficient amount to pay the Library's contributions to the fund on behalf of its employees.

Social Security Fund

The Social Security Fund is used to account for revenues derived from a specific annual property tax levy and expenditures of these monies for payment of the employer's portion of Federal Social Security and Medicare taxes.

Audit Fund

The Audit Fund is used to account for revenues derived from a specific annual property tax levy and expenditures of these monies for the annual audit of the Library.

DEBT SERVICE FUND

The Debt Service Fund is used to account for proceeds of tax revenues to retire general obligation debt and make the required payments therefrom.

INDIVIDUAL FUND DESCRIPTIONS

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for all resources used for the acquisition of capital facilities by a governmental unit except those financed by Proprietary and Trust Funds.

Special Reserve Fund

The Special Reserve Fund is used to account for capital improvements at the library.

Site and Building Fund

The Site and Building Fund is used to account for maintenance costs on the Library's facility.
