

FOR IMMEDIATE RELEASE

Read on the Move with Lake Villa District Library

Read on the Move, Lake Villa District Library's summer reading program, kicks off Monday, June 10. People of all ages are invited to read (or be read to) for 20 days and do fun activities for chances to win prizes.

People of all ages and reading levels are encouraged to participate (and, remember reading to someone or being read to qualify as participation.) Reading logs, to track progress, will be available at Adult and Youth Reference Desks beginning June 10.

Historically, summer reading programs are meant to inspire reading during time off from school and to avoid the "summer slide". LVDL takes that premise a step further and encourages participants to make reading a daily habit by setting a goal of reading minutes, each day, for 20 days.

Library staff has created suggested reading lists for all age levels and interests. Many titles are available in audio and digital formats to help make reading portable and achieving reading goals a breeze.

Read on the Move, generously supported by the Friends of Lake Villa District Library, runs from Monday, June 10 through Sunday, August 31. Details available at www.lvdl.org

Lake Villa District Library enriches life in our community by connecting people with resources, services and each other.
